

Y-12er's Son Named 'Mayor' Of Georgia City As Cartersville Observes Hi-Y Civic Youth Day

"When a city is turned over to teen-agers, anything might happen," says a recent news story in the Atlanta Constitution.

What did happen in the bustling little city of Cartersville, Ga., 48 miles north of Atlanta, was that a son of a Y-12er was elected "mayor" for a day as the city observed its annual Hi-Y Civic Youth Day. The youthful chief executive was Randy Irwin, son of L. R. Irwin, Electrical Maintenance, who is recuperating from illness at his home in Emerson, Ga., near Cartersville.

According to a letter to The Bulletin from the ailing Y-12er, who hopes to be able to return to work soon, Randy Irwin is a senior at Cartersville High School, is 17 years old and also was president of his junior class. He is a member of the Key Club, Hi-Y Club of the school and has been active in all school activities. Randy also is an Eagle Scout and a member of the Methodist Church, where he also is quite active.

Here's how The Constitution reports the operations of Civic Youth Day:

Randy Irwin

"Sponsored by the State YMCA, the program is designed to give local high school students an in-

side view of what makes their city run. By assuming responsibilities for various offices, Cartersville's younger citizens were exposed to the problems of municipal government.

Colorful Campaigns Waged

"Civic Youth Day climaxed week-long activities paralleling registration, qualification, campaigning, election and governing procedures outlined in the city code of Cartersville. Youth candidates staged colorful campaigns at school to rival any adult race for office.

"Campaign platforms revealed the teen-agers have an acute awareness of their city's assets and needs. Many platform planks called for city beautification projects, educational benefits and improved facilities.

Citizenship Responsibilities Cited

"The overall program emphasized citizenship responsibilities. The vigor and enthusiasm with which the young men and women carried out the program won praise and acclamation of faculty members and adult officials of the city."

The Constitution story about Randy Irwin was accompanied by a large two column picture of the Y-12er's son seated at the desk of Cartersville Mayor Charles A. Cowan, "getting pointers" on how to run the city.

In addition to taking over the duties of the mayor for a day, the Cartersville youngsters also filled posts of aldermen, board of education, school superintendent and principal of the high school. The duties of fire chief, police chief, city manager and other municipal positions likewise were heaped on the shoulders of 11th and 12th grade students at Cartersville High School.

Quality Control Section Sets Monthly Programs

Beginning on Thursday, December 17, the Tennessee Section of the American Society for Quality Control will present a series of monthly meetings designed to provide "something for everyone" who is interested in any phase of a total quality control function. Programs will include discussion on inspection, process control, design of experiments, evolutionary operations and other forms of total quality control function.

Three speakers actively engaged in some phase of the total quality control function will be on the opening program December 17. This meeting will be at 7:30 p.m. at the Oak Terrace. The public is invited to this and other meetings in the series.

Illinois Scientist To Talk At Physics Seminar Meeting

J. D. Jackson, of the University of Illinois, will speak at the Oak Ridge National Laboratory Physics Division seminar on Friday afternoon of this week, December 11. His subject will be "Present Status of the Theory of Strong Interactions Between Elementary Particles." The meeting will be at 3:15 o'clock in the auditorium of Bldg. 4500, ORNL. Y-12ers interested in the subject are invited to attend the session.

Arrange Parties Now For Annual Y-12 Christmas Dance December 18

Papa John Gordy To Play At Oak Terrace; Record Attendance Seen For Kiddies Affairs

Have you—Mr. Mrs. or Miss Y-12er—made up your party for the annual Y-12 Christmas Dance-Party? Time is fleeting rapidly, as the outstanding social event of the year for the entire plant is scheduled for Friday night of next week, December 18, at the Oak Terrace ballroom.

The annual Y-12 Christmas Dance-Party provides an opportunity for all Y-12ers throughout the plant to mingle, to renew old acquaintances and make new friends. The affair provides an opportunity to enjoy a full evening of fun, dancing to tunes by one of the outstanding orchestras in the South, chatting and having a fine time generally.

Then, too, there is the opportunity of winning one of three fine door prizes—each of which would provide a fine addition to any Y-12er's Christmas dinner. To be awarded during the festivities will be a turkey, country ham and a fruit cake.

Applications Pouring In

Meanwhile, ticket applications for the Carbide Children's Christmas Parties on Monday and Tuesday, December 21 and 22, have been pouring in at a rate that indicates a record attendance of small fry youngsters of Carbide employees ranging in age from two to 10 years, inclusive. These parties are to be held at the Oak Ridge High School auditorium at 10 a.m., 1 p.m. and 3 p.m. on both December 21 and 22 and at the Gamble Valley School gymnasium at 11 a.m. Monday, December 21.

There won't be a dull moment for the kiddies, as they will be treated to a harmonica specialty act by the Barju Brothers, several movie cartoons, each given a gift stocking packed with presents and a rousing welcome by Santa Claus. The Barju Brothers act includes presentation of some 18 different types of harmonicas, ranging in size from one inch to 30 inches long. Realistic impressions of Spike Jones' orchestra, air raid sirens and trains will be given.

Y-12 parents who have not submitted their applications for tickets have but a few more days to do so—and please hurry, so as not to disappoint any of your youngsters. The application blank for tickets to the Carbide Children's Christmas Parties is published for the last time today on Page Four of The Bulletin. In filling it out, be particularly careful to write all names correctly. They preferably should be printed. Also be sure that the home address of the parent is correct—as all tickets are mailed to the home addresses. It also is important to designate first or second choice of the parties parents want the youngsters to attend so just check "1" or "2" on the line after the time of the party desired.

It also is pointed out that the deadline for having the application in the Recreation Office, Bldg. 9704-2, is 4:30 p.m. next Tuesday, December 15. This is necessary because of the large number of applications already received and expected in the next few days and the time required to address envelopes and to have the tickets delivered by mail to the homes of the parents.

Now for more news about the Dance-Party for grown-ups. The activities will begin promptly at 9 p.m. with Papa John Gordy's Dixielanders orchestra will sound off on their first dance number. There will be few minutes of inaction until "Good Night Ladies" is played at 1 a.m.

Tickets for the Dance-Party are

Y-12er, Two Other UCNC Men Are Elected By AIEE

New officers were installed by the East Tennessee Chapter of the American Institute of Industrial Engineers at a meeting last Thursday night, December 3, in Knoxville. Three Union Carbide Nuclear Company employees are among the new leaders of the group, including Austin Read, the retiring president who became a member of the board of directors of the chapter.

Other new officers are Dave Overton, Oak Ridge Gaseous Diffusion Plant, president; Gene Hester, Aluminum Co. of America, Alcoa, Tenn., vice president; Ralph Wilson, ORGDP, secretary-treasurer; and Donald Cady, Berkeley Corp., Morristown; William Cope, American Enka Corp., Morristown, Tenn.; Robert M. LaForge, University of Tennessee Industrial Engineering Dept., and Read, members of the board of directors.

Development Group Plans Christmas Dance Friday

Y-12ers in the Development Division will present a Christmas dinner-dance for all members of the division and guests at the Town House Restaurant, 17th St. and Cumberland Ave., Knoxville, on Friday night of this week, December 11. The affair will begin with a social hour from 6:30 p.m. to 7:30 p.m., when dinner will be served. Willie Gibbs' orchestra will provide music for the dancing from 9 p.m. to 1 a.m. Tickets may be obtained from members of the Development Division, costing \$4.50 per person.

E. S. Bettis Will Address Meeting Of AIEE Sections

E. S. Bettis, of the Thermonuclear Experimental Division of the Oak Ridge National Laboratory, will speak at a joint meeting of the Oak Ridge and East Tennessee Sections of the American Institute of Electrical Engineers on Friday of this week, December 11. His address will be at 8 p.m., following a social hour and dinner from 6 p.m. to 8 p.m. at the Oak Terrace.

The AIEE members will be taken on a tour of Oak Ridge National Laboratory facilities from 2:15 p.m. to 4:15 p.m. on the day of the meeting.

Y-12 Monthly Pay Checks Will Be Out December 18

Pay checks for the month of December will be made available for monthly roll Y-12ers on Friday, December 18, at their regular pay points. For employees who have their pay checks deposited by the Company directly in banks, the date of deposit will be correspondingly advanced from the usual pay date of December 26. The advance in distribution of December pay checks is made because of the Christmas Day holiday, which falls on Friday, December 25.

Beneficiary Important For Insured Y-12ers

Review Of Certificate In Carbide Plan Urged

Life insurance policies carried by many persons for the protection of their families in case of death, constitute in many instances the bulk of an estate. In this respect the Carbide Group Insurance Plan can provide a sizeable amount for each employee enrolled in the Plan.

The Group Insurance Plan certificate is an important document. Y-12ers covered in the Plan are urged to keep the certificate in a safe place, preferably a safety deposit box in some bank. The location of the certificate should be known by the beneficiary.

The certificate is such an important document that it should be reviewed from time to time. One big reason for such a review is the fact that family situations change, which affects the beneficiary or beneficiaries of the insurance.

Here is an example of a changed family situation. A Y-12er may have named a son or daughter as a beneficiary for part of the life insurance estate to insure college education for the child. The child may graduate from college and the need of the insurance for that purpose may no longer exist. This may be one reason for changing beneficiaries.

There are many other reasons for reviewing the policy. The employee may not have a contingent beneficiary named. A man and wife dying in the same automobile accident is not rare. When only the wife is named as beneficiary in such a case, the insurance is part of the estate and may become involved in court action.

Any Y-12er that does review his insurance certificate and who wants to change the beneficiary should take the certificate to the Y-12 Benefit Plans Office, first floor, Bldg. 9704-2. This department will handle all details of making the change.

Rides Wanted, Offered

Rider wanted from North Knoxville to any portal, H Shift. H. L. Goldston, plant phone 7-8610, home phone Knoxville MU 7-9635.

Ride wanted from point on State Road No. 61 near Clinton to West Portal, G Shift. Iva Jones, plant phone 7756, home phone Clinton 209-XW.

Ride wanted from Bermuda Road, Oak Ridge, to North or Biology Portal, straight day. J. T. Shumpert, plant phone 7487, home phone Oak Ridge 2-1637.

Ride wanted for two from Harriman to Bear Creek or West Portal, straight day. O. W. Breedlove, plant phone 7573.

Car Pool members wanted from Rambling Acres, West Haven and West View sections, Knox County, H Shift. D. H. Stephens, plant phone 7573, home phone Knoxville 3-1481.

Ride wanted from Third Creek Lane (between Middlebrook Pike and Oak Ridge Highway, Knox County) to Central or West Portal, straight day. Clyde Ellen Culp, home phone Knoxville 8-0079 after 6 p.m.

Get well wishes are extended the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

Sarah Cantrell, Security; Herschell Castleberry, Buildings and Grounds; A. E. Morton, Research Services; George J. McNamee, Cafeteria; C. L. Hill, C. E. Holt and Charles Viar, General Machine Shop; T. D. Foust, Enriched Uranium Recovery; Elmer McFarland, Guard; Mack Haynes and Cleveland Cannon, Janitors.

Engineering Group Holiday Dance Set For Friday Night

Employees in the Y-12 Engineering Division are expected to kick up their heels in fine style on Friday night of this week when the division will hold its annual holiday dance and party. The affair will be held at the R.V.A. Club, formerly the Paragon ballroom, beginning at 9 p.m. Music for dancing will be provided by the Red Miller orchestra.

An entertaining program has been arranged for the shindig by Fran Willie, in charge of arrangements. Contests and games will be staged, with prizes to be awarded winners. Tickets for the dance and party are \$1.50 per person.

Individual interest and participation in the security program is essential.

THIS CHARMING YOUNG MODEL fashioning fall dress at a recent Oak Ridge fashion show for children is Deborah French, seven years old, whose father is E. S. French, of Beta Two. The show was held at the Robertsville Junior High School with a number of attractive girls participating.

'Night Of Music' Set To Increase United Fund Money

In an effort to bring the Oak Ridge United Fund - Red Cross fund-raising campaign up to its goal of \$90,000, an attractive "Night of Music" program will be presented at the Oak Ridge High School auditorium next Thursday night, December 17. The cream of musical talent in Oak Ridge will present the program, including the Oak Ridge Symphony, Oak Ridge Chorus, the Savoyards and Madrigal Singers — plus the Society For The Preservation And Encouragement Of Barber Shop Quartet Singing In America. Curtain time will be 8:15 p.m. and admission will be only \$1.

United Fund - Red Cross officials last week reported that \$87,000 had been contributed for Oak Ridge agencies and services offered by the Red Cross — and that it was hoped that the concert next week would substantially reduce the approximately \$3,000 deficit.

The United Fund agencies and the Red Cross services depending on the public for contributions for their operations all submitted minimum budgets before the campaign opened. Therefore, campaign officials point out, any shortage of the goal of \$90,000 will handicap the work of the health, welfare and humanitarian agencies included in the organizations.

Y-12ers With 15, 10 Years Company Service

Congratulations to the following Y-12 employees who will complete 15 and 10 years of Company Service within the next few days:

15 YEARS
Sarah V. Swanner, Tabulation Service, December 9.
Corene N. Johnson, Product Processing, December 11.
John A. Stewart, Beta Two, December 12.
Jim Reed, Buildings and Grounds, December 13.
Eugene A. Malone, Buildings and Grounds, December 14.
10 YEARS
Tom W. Stinnett, Mechanical Maintenance, December 14.

Junior to Mom: "If the Lord gives us our daily bread and Santa brings the Christmas presents and the stork brings the babies—then what's the use of having Daddy around?"

Mom to Junior: "I've got news for you, sonny, he brings home the bacon."

After that sorta shaggy joke (?) the Ol' Colyum Conductor will begin his rounds to bring in the bacon in the form of yakity-yak about fellow citizens around the premises.

MECHANICAL OPERATIONS

Geneva Carter took last week off from Mechanical Operations Division to decorate her new home in Knoxville.

Arriving just in time to help his grandpop, C. W. Hawkins, of the Welding and Forming Group of the Beta Four Heavy Machine Shop, hold a big Thanksgiving Day celebration was Jerry Lewis Gann,

pictured herewith at the tender age of only a few hours at Oak Ridge Hospital. Young Jerry put in his appearance at 12:45 a.m., November 25, and weighed six pounds, 13½ ounces. Mother and son were doing fine at reporting time — and Pop probably will recover . . . C. E. Hensley is spending his vacation Christmas shopping and staying around home . . . The department rolled out its nicest welcome mat last week for newcomers D. K. Branson, B. R. Sparks and H. V. Tripp . . . Get well wishes are rushed to T. D. Foust, ailing in Oak Ridge Hospital.

Production Control is mighty happy to have John Harding back after three weeks of convalescing from an operation at Oak Ridge Hospital . . . Leo Scalf's wife underwent surgery recently at Oak Ridge Hospital and he reports that she is recuperating nicely at their Kingston home . . . Good luck wishes go along with W. A. Bowling, Jr., G. E. Carden and J. E. Pace, transferred to the Sunflower Shop . . . Carolyn Sharpe entertained last Thursday for Rita McNamee, who is being married Saturday night of this week in Oak Ridge. Several Mechanical Operations Division girls enjoyed the shower, at which the bride-elect was presented with numerous linen gifts . . . Virginia Newby's husband hove in from Connecticut to spend the Thanksgiving holidays with his family . . . Sympathy is extended T. B. Caldwell, whose mother died recently.

The fertile fields of Sevier County have produced the Granddaddy of all radishes — A. B. Galyon brought one to the Sunflower Shop last week that weighed four pounds, 12 ounces and measured 15 inches long and 16 inches around. If the Sunflower lads don't get hungry and nibble it down, The Bulletin hopes to be able to get a picture of the object just to show you folks that Tim Watt's veracity is not to be questioned . . . The Shop is extending congratulations to A. C. Gose and the missus over the birth November 23 of a fine new daughter at Baptist Hospital, Knoxville, weighing six pounds, seven ounces . . . Condolences are extended F. A. Stewart, whose father-in-law, D. S. Mahler, died December 1, at Cookeville, Tenn. . . . Likewise to W. T. Rumph, whose mother died November 24 . . . J. O. Brummette and T. E. Day were warmly welcomed to the Shop last week . . . J. F. Mase vacationed at home in Knoxville last week . . . C. W. Cupp took off

for the same purpose at Daytona Beach.

The Colyum's agent in the TW Shops reveal that C. E. Jennings is vacationing at home—just resting after being off ill for some time . . . On the sick list and to whom rapid recovery wishes are sent are R. K. Carper, P. A. Fritts and J. E. Wilson . . . Welcomed back after extended illnesses are J. H. Householder, H. R. Mullins and L. K. Phillips. Sympathy is extended W. B. Stephens, whose grandfather died November 25.

SHIFT SUPERINTENDENTS AND UTILITIES

Christmas shopping and working around his home is occupying the vacation time of J. C. Yarber, Utilities . . . O. F. Jordan is spending his vacation visiting his ill father in Louisville, Ky., and his wife's folks in Dayton, Ohio . . . J. D. Tolliver spent a recent week end in Williamsburg, Ky., visiting his ill father . . . Get well wishes are extended the mother of A. H. Norman — she underwent surgery recently.

Carl Frazier, Sr., Shift Superintendent, plans to decimate the rabbit population while vacationing.

CHEMICAL OPERATIONS

Colex Operations confides that Glan Ballew has vowed "never to return" to the Tellico section — since he almost got run over by a bear recently. (Hey Glen, don't you think you are a little too old to be playing Davy Crockett or Daniel Boone?) . . . Gordon Grooms is back from a visit to his mother in Ohio and granddaughters in South Carolina . . . Steve Frost vacationed in Kentucky, doing some hunting . . . W. T. Smith stayed at home in Harriman and Jack Minton did likewise over Edgemoor way.

ENGINEERING

Still riding Cloud Nine is George Reece, Civil and Architectural Engineering, who has been married all of three weeks. The lads in the department greeted him on his return from the honeymoon with such items for the missus as an aluminum skillet, set for mixing bowls and a steam iron . . . Marshall Ward is believed to be spending his vacation around home — particularly on account of weather conditions last week.

Mechanical Engineering reports Tommy Swindell week ended in Asheville, N.C., with his mother . . . Taking one week vacations to make ready for Santa Claus are John Burnett and Frank Fuis at their respective homes in Knoxville and Norris . . . The MEs were well represented at the American Society of Tool Engineers Christmas party last Friday night at the C'est Bon Restaurant south of the river.

INDUSTRIAL RELATIONS

The many friends of Maitre d' Hotel George McNamee, head man around the Y-12 Cafeteria, are mighty glad to hear that he is greatly improved from the illness that sent him to Oak Ridge Hospital — the Ol' McNamoose may be coming back soon . . . A warm welcome was extended last week to newcomer Frances Brock — she is replacing Evelyn "Fiz" Tucker, who will be leaving December 18 to embark on that long Road to Maternity. Good luck to both of the gals . . . Irene Bryan is back from a vacation spent at Rutherfordton, N.C.

The Boys in Blue and Gray of the Fire and Guard Department welcome Guard G. H. McGrath back to work after a bout with the miseries . . . Guard Paul Williams is vacationing this week, hoping to bag a few quail (and pals who know him predict he will net more than just a few) . . . Just back from a long vacation jaunt down

Continued on Page 4

MIGHTY PROUD OF HIS two pets, a Golden Collie dog named Randy and a green parakeet answering to the name of Rickey, is L. R. Brooks, General Machine Shop. Brooks has raised his two pets "from babies" with Rickey, shown by arrow on Brooks' shoulder, being about two and one-half years old and Randy around two years. The bird and dog eat together, sleep together and are fast friends.

Rail Fans To Form Historical Society Chapter In Ridge

All Y-12ers who are railroad fans are urged to attend a meeting to be held at 8 o'clock tomorrow night, Thursday, December 10, in the Blue Room of the Ridge Recreation Hall. At that time plans will be made to form an Oak Ridge Chapter of the National Railway Historical Society, which has local groups throughout the nation of persons interested in railway history.

At the meeting tomorrow night color slides will be shown of excursion trips sponsored by the society. These include annual outings staged by the Norfolk and Western Railway out of Roanoke, Va., and Bristol, Tenn.; and the Clinchfield Railroad from Erwin, Tenn.

Any Y-12er wanting further information on the meeting or the society may obtain it from Oliver C. Yonts, plant phone 7037; or G. W. Sell, plant phone 4318.

Last Rites For C. E. Morgan Held Near Harriman Sunday

Funeral services were held last Sunday, December 6, for the late Claude Franklin Morgan, 55, a foreman in the Y-12 Buildings and Grounds Department, who died unexpectedly Friday night. The former Y-12er worked on Friday and had just returned to his home near Harriman when he was stricken. The last rites were held at the Elverson Baptist Church, near Harriman. Mr. Morgan came to work in Y-12 on March 26, 1951.

Y-12ers in Buildings and Grounds and other friends of the former Y-12er extend their sincere sympathy to survivors.

A "Data Report on Spouse" form must be executed should employees marry or remarry.

WITH ONE OF THE CLOEST RACES IN Y-12 BOWLING ANNALS, any team in the popular Mixed League of Y-12 men and women bowlers can be considered contenders. Shown above are, left, the Toppers with the Nip and Tucks at right. The

Toppers are, from left, Nell Jago, Capt. Bob Jago, Shirley Brown and Tom Hillard. The Nip and Tucks members are Elbert Scott, Charley Gillihan, Lois Secrist and Capt. Joyce Gillihan. Bob Martin was absent when picture was made.

Basketball League Gets Good Start

Reactors Win By 56-42 For Lone Y-12 Triumph

Some fine play was presented by the eight teams from Y-12 and the Oak Ridge Gaseous Diffusion Plant in the opening sessions of the Carbide Basketball League this week. Although only one Y-12 quintet out of four from this plant in the loop could turn in a victory, the other teams put up good scraps and are bound to improve.

Fitzgerald Paces Reactors

The Y-12 victory was posted by the Reactors, runners up in the loop last year. The charges of Manager Lew Fitzgerald, with the pilot leading the scoring, trounced the ORGDP D Shift five by 56 to 42. Fitzgerald tallied 22 points, Maddox 17, Forrester 11 and Verner six for the winners. The shooting and board control of the Reactors was excellent. After a torrid first half, Smith, D Shift mainstay with 18 points in the first half, cooled off and tallied only one free throw in the last stanza. In that first half the lead changed hands 12 times.

Last year's ORGDP championship Lab Demons lived up to their names in running over an understaffed Y-12 Rambler team for an 86 to 36 win, leading all the way. Woy tallied 27 points for the winners and Vandergriff got 16 to lead the Ramblers.

Peters Strong For Losers

The Y-12 Hawks dropped a close one to the ORGDP All Stars by 38 to 30, a fast second period drive by the winners gaining the margin. The outstanding player, even in defeat, was Peters, of the losing Hawks, who was the top scorer in the game with 12 points. For the All Stars it was an all-out team effort that brought the triumph.

Capt. Cornett, of the ORGDP See Reds, led his outfit to a 46 to 30 win over the Y-12 Atoms. He tallied 18 points. The playmaking and shooting of Jim Grubb, 13 points; and Bill Grubb, with 11, were the bright spots for the Atoms.

League standing and line scores follow:

RESULTS				
D Shift	17	29	32	42
Reactors	16	31	44	56
Lab Demons	16	44	60	86
Ramblers	5	15	24	36
Hawks	9	12	21	30
All Stars	8	20	30	38
See Reds	13	27	33	46
Atoms	6	15	24	30

LEAGUE STANDINGS			
Team	W	L

State Asks Grouse Hunters For Aid

Tennessee's grouse hunters have been asked by the State Game and Fish Commission to aid in its grouse study program by sending in the wings and tail of each bird taken. Co-operating hunters may obtain stamped mailing envelopes from the Knoxville and Crossville offices of the Game and Fish Commission and from wildlife management area personnel.

Protect your work area from unauthorized visitors.

Swingsters Widen Lead In Classic

George Cantrell Leads Way To Whitewash

The Swingsters widened their lead in the Classic League of Y-12 bowlers last Thursday night by swamping the Sportsmen for a four-point whitewash victory, dropping the losers from second to third place. The Bumpers and improving Cubs rolled to a two-point each deadlock with the Bumpers edging into the second rung on the ladder. Adding interest to the tight race, the two tail-end teams each bagged four-point shutouts, the Wasps stinging the Rebels and the Screwballs socking the Eight Balls. The Tigers clawed the Playboys for three points and the Markers mauled the Has Beens by the same score. Two more ties were posted by the Rippers - Wolves and the Smelters - All Stars.

George Cantrell greatly contributed to success of the Swingsters by taking all individual scoring honors, three of the marks being high for the season. His game scores of 266 scratch and 287 handicap were high for the season, as was his 700 handicap series. Big George bagged a nifty 637 scratch series, which was short of the season's high of 664 by Van Williams, Bumpers. In team scoring the Swingsters had the top handicap series of 3137. The Wolves hit a new season's high with an 1124 handicap game.

League standing follows:

Team	W	L
Swingsters	35	17
Bumpers	32	20
Sportsmen	30	22
Eight Balls	28	24
Rebels	28	24
Rippers	28	24
Markers	28	24
All Stars	27	25
Playboys	25	27
Wolves	24	28
Smelters	23	29
Cubs	23	29
Has Beens	22	30
Tigers	22	30
Wasps	22	30
Screwballs	19	33

Dogs Permitted In Tellico Hunts

John Lovin, manager of the Tellico Wildlife Management Area, reminds hunters that during the December squirrel and grouse hunts on this popular management area that dogs may be used. The regulations, he pointed out, permit the use of one bird dog or one squirrel dog per person or party on these December hunts. The hunt dates for squirrel and grouse are December 11, 12, 28 and 29.

Know your security rules.

BELOW LOUDOUN DAM is a favorite fishing spot of Capt. Dave Turner, of the Fire and Guard Department, and that is where he caught this dandy sauger pike on a minnow bait. The fish is a likely contender for honors in the Y-12 Annual Fishing Contest.

Y-12 Outfits Lose Close Decisions In Volleyball Loop

Two of the three Y-12 teams in the Carbide Volleyball League put up strong fights before losing to Oak Ridge Gaseous Diffusion Plant outfits in opening matches last week. From the brand of play presented, the league is in for a good season.

The Y-12 Hunters pushed the ORGDP MIT team to the limit before dropping two out of three games. MIT won the first game 15-12, but the Hunters turned the tables to even it up with a 15-9 victory. MIT eked out a 15-13 win in the rubber tilt. It was almost the same story with the Y-12 Eagles and ORGDP Process Engineers with the scores being 2-15, 15-5 and 11-15 for the ORGDP aggregation. The ORGDP A Shift got a forfeit from the Y-12 C Shift Cats. The other match of the night found the Oak Ridge National Laboratory Set-Ups winning from the ORGDP Spikers by 15-1, 12-15 and 15-3.

League standing follows:

Team	W	L
A Shift	3	0
Set Ups	2	1
Process Engineers	2	1
MIT	2	1
Hunters	1	2
Eagles	1	2
Spikers	1	2
C Shift Cats	0	3

Brickey Heads TCL Convention Group

Veteran conservationist M. L. Brickey of Knoxville has been named as chairman of the 1960 convention committee of the Tennessee Conservation League, according to Carl Bolton, president of the TCL. Bolton said that preparations for the convention which will be held in Knoxville March 17, 18, 19 are already under way, and working groups drawn from some 15 area sportsmen and conservation clubs are now busy at the job of making this annual gathering the biggest and best TCL convention ever to be held in Tennessee.

Pin Plasters Plop To Lead In Mixed

Nell Jago, Joe Dunlap High Scorers In Loop

The Pin Plasters picked on the Goofers for a four-point shutout win last week in the Mixed League of Y-12 men and women maple maulers to take over first place. The Toppers, who previously had shared the top rung with the Plasters, could only gain a tie with the Scrappers and dropped to a second-place deadlock with the Phantoms, who flayed the Alley Cats for a whitewash win. The Cool Cats cooled off the Nip and Tucks for three points, the teams exchanging places in the standings.

Sparkling individual bowling by Nell Jago, Toppers; and Joe Dunlap, Pin Plasters; greatly aided their teams. Nell showed some of the form that kept her close to the top rung of women keglers in Oak Ridge last year by taking all

Joe Dunlap

women's honors with a 200 scratch and 231 handicap game, a fine 489 scratch series, boosted to 582 with handicap. Lois Secrist, Nip and Tucks, tied the latter mark. On the men's side of the ledger Dunlap also took all high marks with scores of 223, 243, 612 and 672 across the board.

The Toppers bagged most of the team scoring tops with a 724 scratch and 856 handicap game and 1863 scratch series. The 2316 handicap series by the Pin Plasters was best of the night.

League standing follows:

Team	W	L
Pin Plasters	29	19
Toppers	27	21
Phantoms	27	21
Scrappers	26	22
Cool Cats	25	23
Nip and Tucks	24	24
Alley Cats	16	32
Goofers	18	30

Riflemen Of Y-12 Get Another Forfeit

The Y-12 rifle team backed into another forfeit victory December 2 when their scheduled opponents, the Oak Ridge Independents, failed to muster a team for the match. In firing for record the Y-12ers posted a 1325 scratch and 1437.131 handicap score. In individual reckoning Dave Dewalt had a 281 scratch tally, followed by Carl Brewster with 275 and Bernie Powers 274. In handicap scoring it was Powers 292.213, Brewster 288.853 and George Peterson 287.212.

League standing follows:

Team	W	L
Y-12	10	0
ORNL	8	2
ORGDP	2	8
Independents	0	10

HERE IS THE PROOF that A. K. Self, Colex Auxiliaries, can back up those hunting stories. This fine buck came out of the Catoosa Area, had five points and weighed in at 175 pounds.

Alley Cats Climb To Bush Loop Lead By Blanking Gators

The Alley Cats climaxed their recent march through the ranks of the Bush League teams of Y-12 bowlers November 30 by forging out in front of the parade with a blistering four-point whitewash win over the tough-tailed Alley Gators. The Balls O' Fire, who had a brief deadlock with the Alley Cats the previous week, were rolled by the Rollniks for three to drop the losers into second place. The Beavers, which had led the league for several weeks, also fell by the wayside as they were gulped down by the Hi Balls for three. The Inspectors inched up a rung on the ladder by downing the Lucky Five by the same score and the Nine Pins pounded the Hot Rodders for a shutout.

Jack Cox, Hi Balls, had top scratch individual scores of a 219 game and 584 series. Roy Lee Huddleston, Nine Pins, came through with a 259 game and 722 series with handicap. Despite their loss, the Beavers had the top scratch series of 2389 while the Inspectors posted the high scratch series of 2933. The Balls O' Fire had the best single game counts of 868 scratch, boosted to 1039 with handicap.

League standing follows:

Team	W	L
Alley Cats	33 1/2	14 1/2
Balls O' Fire	30 1/2	17 1/2
Beavers	30	18
Inspectors	27	21
Lucky Five	26 1/2	21 1/2
Hi Balls	25	23
Nine Pins	21	27
Rollniks	19 1/2	28 1/2
Alley Gators	16	32
Hot Rodders	11	37

Many a woman thinks she bought a dress for a ridiculous price, when in reality she bought it for an absurd figure.

Arrange Christmas Dance Parties Now

Continued from Page 1

only \$1.50 per person, including tax. There will be no table reservations with seats going on a first-come, first-served basis. The tickets now are on sale throughout the plant and may be obtained from the following Y-12ers:

Virginia Boswell and Ann Rackley, Bldg. 9704-2; Carl Frazier, Sr., and Wanda Livesay, Bldg. 9212; Betty Whitehorn, Bldg. 9202; Jean Jones, Bldg. 9764; Evelyn Tucker, Cafeteria; Shirley Brown, Bldg. 9720-8; T. R. Rucker, Bldg. 9201-4; Mavis Koons, Bldg. 9204-4; Milton Dickens, Bldg. 9215; Charles E. Gillihan, Bldg. 9706-1A; Jo Ann Kincaid, Bldg. 9739; J. P. Smith, Bldg. 9723-11A; Lucille Pruitt, Bldg. 9201-1; the Y-12 Recreation Office, Bldg. 9704-2; and at the door on the night of the Dance-Party.

A Shift Will Hold Shoot Next Monday

The second turkey shoot of the season will be held by Y-12ers on the A Shift next Monday morning, December 14. The event will be staged on the grounds of the East Tennessee Riding Club in the Gamble Valley section. A large number of turkeys and hams will be awarded the best marksmen and prizes also will be awarded in a drawing.

Safeguard all classified matter.

Busters Threaten Sunflowers' Lead; Big Five Blazes

The Par Busters blazed to within striking distance of the loop-leading Sunflowers in the C League of Y-12 maple maulers November 30 by blasting D Shift for three points while the Sunflowers were being cooled off by the Chillers by the same score. Whitewash victories of four points were posted by the Big Five over Murderer's Row and the IBMs over the Hookers. The SPs took three from the Knot Heads and the Engineers and Alley Cats battled to a two-point each deadlock.

The Big Five outfit, individually and collectively, monopolized scoring honors. Carl Dorr, golfer turned bowler for the winter, pulverized the pins for a nifty 624 scratch series in between a 260 handicap game and 708 handicap series. Ed Sise helped the cause along with a 237 scratch game. The team rolled a scratch 1019 game, boosted to 1153 with handicap, 2725 scratch and 3127 handicap series, all above average scoring.

League standing follows:

Team	W	L
Sunflowers	35	17
Par Busters	33	19
Alley Cats	31	21
Big Five	29	23
D Shift	27 1/2	24 1/2
Murderer's Row	27	25
SPs	26	26
Engineers	25 1/2	26 1/2
Chillers	23	29
IBMs	22	30
Knot Heads	17	35
Hookers	16	36

Rigger And Mortice Can Provide Last Resting Place For Thinking Man Tinkering Electrician

A man (not a Y-12er, it is certain) stands in his home basement. A cigarette hangs from his mouth at a Hollywood angle — there is a tattoo on the back of one brawny hand. He's the rugged type.

It looks like he should be stopping a stampede at the edge of a mesa — or bringing an airliner through a hurricane. Instead, he's fooling around with some electrical wiring.

"Hello there, are you an electrician?" asks a neighbor.

"Naw, I work down at the telegraph office."

"Hmmm, wires and wires. That's an unusual combination."

"I don't figger it is."

"Well, there's a man who thinks for himself. What's the smoke?"

"Uh, let's see." He fumbles in his shirt pocket.

"No, I mean that wire smoking there—sort of sizzling."

"Oh, that. I don't know much about electricity, I'm just tinkering around. Lights keep blinking on and off. Tryin' to figger out what's wrong."

"Hmmm. Who's your favorite undertaker?"

"Oh, Rigger and Mortice, I guess. Nice firm."

"Would you advise all amateur electricians to consider Rigger and Mortice?"

"Well, I figger all amateur electricians should think for themselves."

To make a long story short—they called Rigger and Mortice—because most men who think for

themselves, who do wiring for themselves, prefer Rigger and Mortice. They have the thinking man's type of service — and they've got a handy, flip-top casket, too.

So remember Rigger and Mortice.

However, it is a lot better to call in an expert for electrical troubles, television troubles, for anything that could throw volts or jolts into an amateur. "Do it yourself" only when there's no danger in doing yourself in.

Let that idea filter through—Mr. Thinking Man Y-12er. For a dangerous job around the house, one that goes a little beyond your knowledge and experience—reach for the telephone instead of the tool kit.

Rough Fish Removal Problem Studied

It has been announced by Dr. Glenn Gentry, Chief of Fish Management for the State Game and Fish Commission, that this season's rough fish removal study project is now under way on Norris and Dale Hollow Lakes and that studies are scheduled to begin January 10 on Center Hill Lake. According to Dr. Gentry the rough fish removal studies on these large impoundments is a cooperative project between the TVA and the Game and Fish Commission and was set up to determine the numbers, species and size of the rough fish in these reservoirs.

These studies, Dr. Gentry said, were started on Norris Lake in 1958 and during the 56 days of the project some 91,988 pounds of rough fish were removed from this well known sport fishing lake. He pointed out that waters where commercial fishing was prohibited it was possible for the rough fish to jeopardize the sport fish supply. Since rough fish compete with game fish for food and living space the removal of only the game fish may shift the population balance in favor of the rough species.

tion in the fine bird hunting territory around Bainbridge, Ga.

Take it easy under the mistletoe, gals. It's only a few more days until 1960—and do you know what that is?

It's Leap Year, sweeties.

Jim: "Do you believe in clubs for women?"

Joe: "Yes, if every other form of persuasion fails."
